Reading sheet

OUTWALKERS

FIONA SHAW

- Jake originally plans to travel alone but soon joins the Outwalkers gang. What are the benefits and downsides to travelling in a group? And which option would you prefer?
- If you had to flee across country with only three items, what would you take and why?
- The novel is dystopian but can you see any parallels between the story and what is happening in the world today? Give examples.
- Some adults defend and help Jake and his friends, others betray them. Pick out examples of each and explain why you think they act the way they do.
- The Outwalkers have a 'no technology' rule. What would you miss most about not being able to use any technology?
